

## TITLE 157 - State Fire Marshal - Chapter 8

### **Chapter 8 - PERMISSIBLE FIREWORKS IN THE STATE OF NEBRASKA FOR 2003**

001. Please be advised that the following fireworks have been approved for sale and discharge by the Nebraska State Fire Marshal. New items for 2003 in BOLD print.

Fireworks not listed or described in this Chapter are NOT PERMISSIBLE. Individuals found in possession or attempting to buy, sell, transport or manufacture illegal fireworks will be prosecuted to the fullest extent of the law.

All Distributors, Jobbers or Retailers MUST complete a Fireworks License Application prior to the purchase, delivery and sale of permissible fireworks. Retail applications postmarked or submitted after June 10<sup>th</sup> of any year must include a fifty-dollar (\$50.00) late fee. Please check with your city or village officials because their license and fireworks requirements may vary from the State Fire Marshal's rules and regulations. Fireworks may only be purchased from licensed distributor.

Any fireworks that are shot into the air must be destroyed in the air and not come to the ground hot or with flames. Items that have inserts are acceptable only if the inserts come to the ground cool and appear on this approved list.

#### 002. Display Shell Items.

All reloadable fireworks larger than one and three-quarters inch (1-3/4") in diameter are not permissible or legal. Reloadable fireworks may contain a maximum of six (6) single break shells or inserts per package.

### 003. Firecrackers.

Firecrackers may not contain more than 50 mg of explosive composition.

Firecrackers with water-resistant safety fuses which are one and one-half inches in length or longer (commonly known as "inch and halfers") ARE PROHIBITED. However, Firecrackers with similar water-resistant safety fuses that are no longer than one-inch in length may be sold.

Any individual firecrackers' dimensions will not exceed 2 inches (2") in length and three-eighth of an inch (3/8") in diameter. This includes Ladyfinger-type fireworks with dimensions that do not exceed seven-eighth of an inch (7/8") in length and one-eighth of an inch (1/8") in diameter.

012. Roman Candles and Starlights (Domestic or Import).

All 5 to 10 shot Roman Candles or Starlights - with or without report.

All Roman Candles or Starlights MUST HAVE A SPIKE inserted in the non-firing end at the time of display in the retail stand.

AGAIN, any fireworks that are shot up into the air must be destroyed in the air and not come to the ground either hot to the touch or on fire. Items that have inserts are acceptable only if the inserts come to the ground cool and appear on this approved list.

Legal Citation: Title 157, Ch.8, Nebraska State Fire Marshal.

Statutory Authority: Neb. Rev Stat. § 28-1247 (Reissue 1995).
